RANDWICK HOSPITALS CAMPUS

Sydney Children's Hospital
Prince of Wales Private Hospital

Prince of Wales Hospital
Royal Hospital for Women

February 2004 MSL 98166

Driving

Enter the hospital via the Barker Street Roundabout. There is underground parking available. Take the car park lift to Level 0, and proceed to the Dickinson Building (Bldg 15) lifts (adjacent to the Accident Emergency Department). Take this lift to Level 2. Proceed along the corridor for about 10 metres and the Department is on the left.

Drop off

1. **High Street:** This is level 2 of the hospital complex. Proceed along the centre corridor through several sets of double doors until just before the end of the building (total journey of about 100 metres). The Department of Respiratory Medicine is on the right immediately before the lifts.
2. **Barker Street:** Drop off outside the Dickinson Building (Bldg 15). Take the lifts to level 2, and the Department is about 10 metres along the corridor on the left hand side.
